Department of Computer Science and Engineering

Concentration in
Cloud Computing
(concentration code: CCLO)

This program is designed to offer a sequence of elective courses to CS/CPEG students who are interested in the field of cloud computing and other large scale software systems.

The student must take **four** courses from the following list:

- CSE 30264  Computer Networks
- CSE 30246  Database Concepts
- CSE 40232  Software Engineering
- CSE 40613  E-Technology
- CSE 40771  Distributed Systems
- CSE 40822  Cloud Computing
- CSE 40833  Parallel Algorithms and Programming

and take at least one semester of Undergraduate Research, involving a faculty-supervised project in the area of cloud computing:

- CSE 48901  Undergraduate Research

Students who are interested in pursuing this program may contact one of the following:

- Douglas Thain  CSE Associate Professor
- Ramzi Bualuan  CSE Director of Undergraduate Studies
- Kevin Bowyer  CSE Department Chair
