## **Department of Computer Science and Engineering**

## **Concentration in Cloud Computing**

(concentration code: CCLO)

This program is designed to offer a sequence of elective courses to CS/CPEG students who are interested in the field of cloud computing and other large scale software systems.

The student must take **four** courses from the following list:

CSE 30264	Computer Networks
CSE 30246	Database Concepts
CSE 40232	Software Engineering
CSE 40613	E-Technology
CSE 40771	Distributed Systems and Cloud Computing
CSE 40833	Parallel Algorithms and Programming

and take at least one semester of Undergraduate Research, involving a faculty-supervised project in the area of cloud computing:

CSE 48901 Undergraduate Research

Students who are interested in pursuing this program may contact one of the following:

Douglas Thain CSE Associate Professor

Kevin Bowyer CSE Department Chair
