

Department of Computer Science and Engineering

Concentration in Cloud Computing

(concentration code: CCLO)

This program is designed to offer a sequence of elective courses to CS/CPEG students who are interested in the field of cloud computing and other large scale software systems.

The student must take **four** courses from the following list:

CSE 30264	Computer Networks
CSE 30246	Database Concepts
CSE 40232	Software Engineering
CSE 40613	Web Applications
CSE 40755	Parallel Computing
CSE 40771	Distributed Systems
CSE 40822	Cloud Computing
CSE 40833	Parallel Algorithms and Programming

and take at least one semester of Undergraduate Research, involving a faculty-supervised project in the area of cloud computing:

CSE 48901	Undergraduate Research
-----------	------------------------

Students who are interested in pursuing this program may contact one of the following:

Douglas Thain	CSE Associate Professor
Ramzi Bualuan	CSE Director of Undergraduate Studies
Kevin Bowyer	CSE Department Chair
